---

By now you should have received a letter from the City and Waste Management that your home is in one of the neighborhoods selected to test automated waste collection. If the letter brought up questions, you will likely find the answer in our Frequently Asked Questions, just click here.

Here are some things we want to highlight about the pilot test program:

1. There is an Open House to ask questions, see the truck, and try out the carts. The invitation to the Open House will be mailed next week, but please do plan to attend. The Open House will be on Wednesday, October 26, from 6pm to 7:30pm at the Westside Community Conference Center, 3534 S 108th St (108th & Grover).
2. You should sign up for the survey so we can find out about your opinions of the current waste collection system and the automated collection of the pilot program. To sign up for the survey, click here. You should sign up before October 24.
3. The carts for automated collection will be delivered the week of October 31 to November 4, 2016.
4. You must use the carts for garbage and recyclable collection during the pilot.
  - o **Garbage collection** is every week on your regular collection day and starts the week of November 7, 2016.
  - o **Recycling collection** will occur every other week and will begin on November 14, 2016.

Because of this every other week schedule for recycling, we will be sending out recycling week reminders on Sunday afternoon before each recycling week. If you don't want to receive these reminders, reply to this e-mail with the word **OFF** in the subject.

Your neighbors in the pilot can sign up for these e-mail reminders at [http://www.wasteline.org/p\\_subscribe.shtml](http://www.wasteline.org/p_subscribe.shtml)

Your source for information during the pilot is <http://pilot.wasteline.org>, or call the Pilot Helpline at 402-444-4500.

The City of Omaha and Waste Management thank you in advance for participating in this pilot program.

*See you on October 26, for the Open House!*

For issues related to your solid waste collection, call 402-444-5238 (24-hr).
