MEDIA RELEASE

FOR IMMEDIATE RELEASE

OMAHA SOLID WASTE COLLECTION

August 3, 2022 Omaha, NE -- The Environmental Services Division of the Omaha Public Works Department, announces that due to the extreme temperatures our recycling and garbage collection contractor, FCC Environmental Services of Nebraska, is experiencing an unforeseen staffing shortage. Some areas may experience unexpected delays in solid waste services.

Residents should follow their normal collection schedule and place carts out for collection by 6 AM on their regularly scheduled day of collection. If materials are not collected in their area residents should leave any uncollected materials at their set out location. FCC Environmental Services of Nebraska will be returning to areas of known misses the following day or later in the week. Residents also are advised to look towards the local news media for any updates.

Missed garbage and recycling collections may be reported to the Solid Waste Hotline at 402-444-5238 after 7:00PM on the scheduled collection day.

Citizens may sign up for e-mail notification of impending solid waste collection holidays or service delays related to weather by going to join.wasteline.org. The solid waste website is www.wasteline.org and the Facebook presence is www.facebook.com/wasteline.
